## VIEW HARDWARE LIST

- Here you can see the full details about the hardware

The screenshot displays the 'Hardware List' page in the SpecSnap application. The page includes a sidebar with 'Dashboard', 'Hardware', and 'Logout' options. The main content area shows a table of hardware entries with columns for Device Id, Name, Date of Acquisition, Status, LabId, and Action. A search bar and a 'Show entries' dropdown are located at the top right. A callout box points to the toggle icon in the Action column, stating: 'Toggle icon here will change the status of the hardware'. Another callout box points to the QR icon in the Action column, stating: 'QR icon will show the qr code of the hardware'. A modal window titled 'QR Code' is open, displaying a QR code and a 'Print QR Code' button.
